Call for Proposals

Consultancy: Development of a Monitoring and Evaluation Framework for PACT

The Protected Areas Conservation Trust (PACT) was established in 1996 as Belize’s National Conservation Trust Fund. The Trust’s mission is to effectively manage Belize’s National Protected Areas System through strategic partnerships and high impact investments. PACT’s 2017-2021 Strategic Plan highlights that PACT needs to put in place a system to measure its organizational performance as well as its impact on the National Protected Areas System and all stakeholders.

Objectives:
The objective of this consultancy is to design and establish a monitoring and evaluation (M&E) framework focused on measuring PACT’s organizational performance and impact, in alignment with the 2017-2021 PACT Strategic Plan and 2015 NPASP Results Framework, where applicable to PACT’s mission.

Qualifications required for the Consultancy:
Consulting firms/teams bidding on this project must have a strong background in conservation financing, impact measurement, protected areas development, financial monitoring or related fields. They must have 5-10 years’ experience in organizational performance monitoring. Experience in monitoring of investment strategies will be an asset.

The proposal should include the names and Curriculum Vitae, including relevant experience, of the persons comprising the team.

Deadline: Proposals should be submitted electronically, no later than September 8, 2017 to:

Executive Director
Protected Areas Conservation Trust
#3 Mango Street, P. O. Box 443, Belmopan
