## 7. Price Offered

USD \$25,000.00 per annum

## 8. Scope of the contract awarded

Design potential projects/programs that can qualify for climate finance grants from the GCF, Adaptation Fund and other climate financing sources available to PACT; and which are aligned with country priorities, strategies, and needs on climate change.

- Aiding in the preparation of project concepts and/or proposal packages including all supporting documents such as consultation reports and environmental, social, and gender assessments
- Facilitate and provide support where necessary for the successful execution of training activities and awareness sessions
- Manage technical feedback/comments from stakeholders and donors and ensure they are reflected in the proposal package

## 9. Reasons for Rejecting Other Applicants

Applicants were not considered to satisfy the required technical capacity criterion.
