Convention on Climate Change REDD+ environmental safeguards, as well as with the World Bank's safeguards policies. Against this backdrop, specific objectives of the assignment are as follows:

- 1) Oversee and contribute to the development of a framework for managing potential environmental impacts associated with the implementation of the REDD+ strategy options through the combination of analytical work, consultation, and public participation.
- 2) Oversee and contribute to the development of Strategic Environmental and Social Assessment (SESA) and the environmental and social management framework (ESMF) related outputs and activities.
- 3) Co-ordinate, oversee and provide technical inputs on environmental aspects of the project-financed activities.
- 4) Coordinate and lead stakeholder consultations and contribute to monitoring and reporting for the aforementioned.

9. Reasons for rejecting other applicants

- Applications were not considered to satisfy the professional/technical capacity criterion.
- Not compliant with the World Banks procurement procedures.
